

## LCS-8038TXR7

10/100 Mbit/s

32-bit PCI Card

The **LCS-8038TXR7** is an 32-bit 10/100Base-TX/FX Fast Ethernet PCI networking card. The card delivers a reliable quality, superior performance and ease of installation. This card feature N-Way auto-negotiation, for automatic selection of the network speed and full/half duplex mode with the partner. Moreover, the Wake-On-LAN function on LCS-8038TXR7 is supported for network management. Installation could not be easier with a single RJ-45 port connector and a comprehensive set of software drivers for the most popular PC Network Operating Systems (NOS). This PCI Fast Ethernet adapter is designed with bus master mode to optimize the maximum throughput for your network bandwidth. Diskless application is provided by the Remote Boot ROM socket and rich LEDs support for network diagnosing and monitoring.

### Features:

- ◆ Complies with IEEE802.3/802.3u Ethernet and Fast Ethernet standards
- ◆ Complies with PCI Local Bus version 2.0/2.1/2.2 specification
- ◆ Uses Bus Master architecture for data transferring
- ◆ N-Way auto-negotiation mechanism to automatically detect the network speed and transmission mode (full/half duplex)
- ◆ Supports Wake-On-LAN, including wake-up frame and magic packet (PCI 2.1 Standard)
- ◆ Diagnostic LEDs indicate the network status
- ◆ Provides Remote Boot ROM optional solution
- ◆ Supports all popular PC network operating systems

### Specifications:

<b>Chipset:</b>	Realtek 8139D
<b>Bus Interface:</b>	32bit Bus Master, PCI
<b>Network connector:</b>	RJ-45
<b>Plug-n-Play:</b>	Yes
<b>ACPI/WOL:</b>	Yes
<b>3-Pin Power Cable:</b>	No, over Bus
<b>DMI Component:</b>	Yes
<b>Weight:</b>	60g
<b>Dimensions:</b>	121mm x 41mm
<b>Operating Temperatur:</b>	0° -55° C
<b>Humidity:</b>	10 - 90% RH
<b>Emission:</b>	FCC Class B, CE
<b>In the Box:</b>	PCI-Card, Driverfloppy, Manual
<b>EAN:</b>	4016621003258
